© Le Vélo Voyageur

This 3-day bike trip in Belgium will be full of surprises! We organized a loop tour to have you discover the most-see places of the Ardennes and the most beautiful landscapes against a backdrop of the banks of the Meuse.

Ride through a rich countryside, small villages where time stands still or along the riverbanks.

Dinant, Marche, Durbuy, Huy or Namur: there is so much to explore! This weekend on your bike will also be an opportunity to taste the Belgian specialities. You cannot leave the region without enjoying French fries, taking great pleasure to drink a beer or eat some chocolate...all of this paired with the renowned Belgian good mood!

### Day 1

#### Dinant - Marche-en-Famenne

Bike  
50/64km

Altitude  
±600m

Take your time to discover Dinant, the Citadel city with its many tourist attractions: stroll into the streets looking for the numerous saxophones (Adolphe Sax, the inventor of the musical instrument was born here), climb up the 408 steps to arrive at the citadel or discover the charms of the banks of the Meuse before cycling.

You ride slightly upwards onto small countryside roads and reach Ciney where the beer-lovers will be happy to enjoy a delicious beverage (in moderation of course).

You cross charming villages and arrive in the Famenne area with the lively city of Marche where you can learn more about the regional traditions. For the more adventurous, you can make a detour to Rochefort, the city famous for its Trappist beer and its castle.

### Day 2

#### Marche-en-Famenne - Huy area

Bike  
62/70km

Altitude  
±470m

Get onto your bike and ride onto a pleasant cycle path to reach Hotton. Here, you can explore the undergrounds of the caves and believe yourself to be Indiana Jones.

Follow your route and cross small villages such as Ny where time seems to stand still and enjoy a lush countryside. Take a break in Durbuy, the "smallest city of the world" where you can make the most of the beautiful landscapes and historical heritage with its well-preserved city-center, its topiary park or even its castle.

Old stone lovers? Do not miss the castles of Radhadesh or Modave riding at your own pace on the comfortable cycle path to Huy. Here, visit the impressive fort reconverted into a remembrance place of WWII or find out about the wall of Huy, famous for being part of "La Flèche wallonne" professional cycling race.

### Day 3

#### Huy - Dinant

Bike  
60/66km

Altitude  
±185m

After two stages to explore the Ardennes, today is a step along the riverside. You follow the Meuse and the surroundings all-day long.

First visit the city of Andenne and the caves of Scaldina before arriving in Namur, the capital of Wallonia. Make a stop at the citadel to admire the work of Vauban before riding back to Dinant.

You will enjoy breathtaking landscapes for the second part of your step. From the top of the viewing point of "Seven Meuses", from the ruins of the feudal castle of Poilvache or from the water garden of Annevoie, you will be amazed by the diversity of the region before riding back to Dinant and enjoy its particular atmosphere. It is time to say goodbye, unless you decide to extend your stay?
